What It's All About

The word agape is a Greek word. It means the kind of love God has for every one of us -- free, unconditional, no-strings-attached. We don't have to -- in fact, we can't -- earn that love. It's already here for every one of us.

All we have to do is to open our hands, our minds, our hearts to that love and receive it.

That's what Camp Agape is all about -- receiving God's great love -- from the beauty of creation, from the love of counselors and staff, from our fellow campers, and, yes, from ourselves.

New friends, great food, games, chapel times, crafts, swimming, hikes, fishing, star-gazing -- and agape. Come! Join us!

Camp Agape offered its first camp -- for 28 children -- in August, 2006. Since then, we have offered a camp week each year, and over 380 children have attended. In 2010, we began to offer scholarships for former campers who have reached the age of 12 to attend other CHCC camp sessions.

Our purpose is to provide a free week of Christian camping for children who have a parent or caregiver under the supervision of the Department of Corrections.

Our goal is to help campers discover deep within themselves their essence and core of goodness.

Notes and Stories from Camp

“I loved the food and the swimming and the magician and the fishing.”
Many campers

“This is the first time in two years that I have felt safe.”
8 Year old camper

At a Sunday night campfire, the first night, a counselor asked, “Why are you here, what brought you here?” A girl answered: “My mom’s in prison and I want to be with other kids like me so I am not alone.” Other children agreed.

“I’m so glad I could come back for a second year.”
A camper

“Thank you for all the books I get to take home.”
A camper

"I can’t believe this; when I heard about Camp Agape and what agape meant, I didn’t believe that someone could love me without even knowing me. Then I came here and it’s true!”
A camper

“The camp is well named. Agape is all we have going for us, and it is enough.”
A returning counselor

“I want to stay here forever. I wish I could clone myself and send my clone home.”
